TO: All House Members
FROM: Representative Robert L. Freeman
SUBJECT: Proposed Legislation

R.L.F.

EM

I will be reintroducing legislation in the near future (House bill 1665 from last session) that would amend the Crimes Code to allow municipalities to adopt restrictions on carrying firearms within municipal facilities or on municipal property. Current law is unclear and gives little guidance to municipal officials who may be considering such a restriction. The language is similar to current law that places restrictions on court facilities.

Please contact Juliann in my Harrisburg office at 783-3815 or jweslosk@pahouse.net if you care to cosponsor this proposal.
